This shall include firefighters who shall be trained specially as Rescue Commandos

Power, Duties and Functions of Fire Region In-charge.

9. The in-charge of Fire Region shall exercise his powers, duties and functions as directed by the State Government from time to time.

Duties and Functions of Disaster Management and Fire Prevention Cell.

10. The functioning of the Disaster Management and Fire Prevention Cell at Fire Region level shall be as directed by the State Government from time to time.

Chapter-IV

Organization, Superintendence, Control and Maintenance of Fire and Emergency Services at Fire District Level

Constitution of Fire Districts.

11. (1) Each administrative district in the State of Sikkim may be identified as Fire Districts viz. Gangtok, Mangan, Namchi, Pakyong, Gyalshing and Soreng District or any other Fire District as may be created by the State Government from time to time by a general or special order depending the prevailing fire risk and number of fire stations and the exigencies of work.

- (2) The State Government shall appoint a Fire Officer not below the rank of Deputy Chief Fire Officer to head a fire district and assisted by such officers as deemed fit.

Constitution of office of Fire District In-Charge.

12. The State Government shall appoint a Fire Officer, not below the rank of Deputy Chief Fire Officer to head a fire district and with the staff that shall be of such competent ranks of Sikkim Fire and Emergency Services and in such number as the State Government may decide from time to time.

Power, Duties and Functions of In-charge Fire District.

13. The in-charge Fire District shall exercise his powers, duties and functions as directed by the State Government from time to time.

Chapter-V

Organization, Superintendence, Control and Maintenance of Fire and Emergency Services at Fire Station Level

Constitution of Fire Station.

14. (1) Each Fire District shall have fire stations as specified under these rules or as specified by the State Government.
- (2) Based on location requirements, the State Government shall establish Fire Stations as it may deem fit in the State.
- (3) The minimum facilities shall be maintained at each Fire Station for fire fighting and rescue work as per Schedule-I of these rules.
- (4) Each Fire Station shall be under the charge of a Fire Officer appointed under sub section (4) of Section 8 of the Act, who may be assisted by one or more Fire Officers in the discharge of his duties.
- (5) The Officer in-charge of a Fire Station shall be in the rank of Fire Station Officer or Sub-Fire Officer.
- (6) All officers of subordinate rank except the station in-charge may be deputed in shift duties to enhance the efficiency.

Constitution of office of Fire Station In-Charge.

15. The Office of Fire Station In-charge shall be constituted with the staff that shall be of such competent ranks of Sikkim Fire and Emergency Services and in such number as the State Government may decide from time to time.

Equipment and appliances for Fire and Emergency Services.

16. (1). The Director, Sikkim Fire and Emergency Services shall determine the requirement of equipment and appliances for fire-fighting, personal protection, rescue and other emergencies in such numbers and with such specifications taking into consideration the apprehension of fire risk in the area for effective measures of safety and efficient response in times of emergency or disasters situations or both as the case may be.
- (2) The Director, Sikkim Fire and Emergency Services with the previous sanction of the Government, shall procure equipment and appliances determined under sub-rule (1) in such manner that each fire region, fire district and fire station is adequately equipped to meet with the requirement of disaster/emergency situation and fire-fighting, personal protection, rescue, paramedics, other emergencies and fire safety measures and make all necessary arrangements for their up keep and maintenance to ensure their availability to provide fire prevention and fire safety service as and when required.

- (3) The number and life span of equipment and appliances shall be as per the recommendations of the Standing Fire Advisory Council of the Ministry of Home Affairs, Government of India or of any other authority as may be authorized by the State Government for this purpose.

Construction or hiring of places for Fire Stations.

17. (1) The Director, Sikkim Fire and Emergency Services shall identify the area where the establishment of a fire station is tactically advantageous to provide fire prevention and life safety measure. The Director, Sikkim Fire and Emergency Services, shall send such proposal as deemed fit, to the State Government for further approval.
- (2) The Director, Sikkim Fire and Emergency Services with the previous sanction of the State Government shall acquire the land for fire station from local authority Free of charge or on payment of such amount as may be fixed by the State Government in this behalf.
- (3) The State Government may hire any building or premises on payment of such rent and on such terms and conditions as may be agreed to by both the parties, where no land is made available by the local authority.
- (4) The composition of the fire station along with the staff pattern and facilities to be provided by a fire station as indicated under rules 14, 15 and 16, maybe decided by the Director, Sikkim Fire and Emergency Service depending upon the circumstances prevailing and apprehension of fire risk prevailing in the area with provisions of special Cells and team as may be required as per Scheduled of these rules.
- (5) No local authority or any department of any town or area, to which this rule applies for the time being, after the commencement of the rules, shall transfer or otherwise part with any immovable property used as a fire station or any permanent fixture thereof without the previous sanction of the State Government. Fire Stations operating on such government buildings and operating over such land shall continue to operate till an alternate and permanent arrangement is made by the government in this regard. The building or the land so acquired or being used as fire station and any movable or immovable property belonging to fire station before and after commencement of the Act and the rules shall not be transferable and shall not be used by any local authority or any entity authority for any purpose other than field formation made by Sikkim Fire and Emergency Service under the Act.

Qualifications for appointment of Fire Officer of Different ranks and other terms and conditions of service

18. The qualifications for appointment and other conditions of services of Fire Officer of different ranks in Sikkim Fire and Emergency Service shall be made in accordance with the Sikkim Fire and Emergency Service Recruitment Rules.

Duties and responsibilities of Fire Officers and staff

19. The power duties and function of Fire Officers shall be as defined under sub-section (5) of section 8 of the Act and as directed by the State Government from time to time.

General

20. Subject to the provisions of Sikkim Fire and Emergency Services Act, 2023 and the hierarchical structure of Sikkim Fire and Emergency Services, the State Government by way of a special or general order, may create such posts as deemed necessary.

Chapter-VI

 - ix. Services render to VVIPs as instructed by the concerned District Magistrate;
 - x. Service as instructed by the concerned District Magistrate, clearly mentioning for waiver of charges;

- (4) The nominal charges for providing resources by Sikkim Fire and Emergency Services shall be as per Schedule-III of these rules:
 - (a) All the charges shall be for 08 hours only (time shall be counted from starting of fire crew from the fire station. For extra time, same shall be charged accordingly. Minimum 08 hours charge (deployment charges) is applicable.
 - (b) Mileage charge up to five kilometer road distance from the fire station shall be exempted,
- (5) The deployment fee shall be enhanced at the rate of 10% of the fee under sub-rule (4) every year with effect from first of April.
- (6) Bill to be raised on the authority requesting for assistance. After the arrival back from the place of deployment to the Fire Station, the crew-in-charge who accompanied the crew shall submit the details of the operation and mileage to the officer concerned for raising the bill on the District Authority or any other authority who requested for assistance. For stand-by duty, advance payment shall be deposited by the authority concerned requesting for assistance.
- (7) The extra territorial deployment under sub-rule (2) shall be under the charge of an officer not below the rank of a Fire Station Officer.

Fighting the fires

23. (1) The Sikkim Fire and Emergency Service In-charge of Fire Regions, Fire District and officer In-charge of Fire Station in the respective area of their jurisdiction, shall have the authority to plan Organize and deploy resources, whether personnel or equipments in such a manner as decided to ensure optimum saving of human life and property in danger of fire and emergency risk with safety of fire personnel. The senior most fire officer, Sikkim Fire and Emergency Service present at site of incident shall have an authority of incident commander for emergency and rescue operations and all the resources and helps extended by other agencies shall be deployed under his Command to ensure a unified and coordinated response to deal with the emergency or disaster.
- (2) The In-charge of Fire Regions, Fire District and officer In-charge of Fire Station in the respective area of their jurisdiction shall ensure that the members of fire Service subordinate to them are adequately trained and have adequate topographical and tactical knowledge of fire hazards prevalent therein.

Chapter-VII

Water Supply

- Water Supply**
24. During the fire fighting operations, the Director Fire and Emergency Services or the officer in-charge of Fire District or Fire Station having jurisdiction in the area shall be able to draw water from any local authority or private entity having the source of water under their possession at the rates as mentioned in Schedule-III.
- Adequate supply of water for fire-fighting**
25. (1) Notwithstanding anything contrary to the provisions in any State Act or rules for time being in force, the Additional Chief Fire Officer or any other Superior Fire Officer, as the case may be, may require the authority having jurisdiction to provide hydrants at strategic locations on the public mains or private mains of not less than 150 mm diameter on payment of charges as specified by the State Government.
- (2) The residual pressure at the hydrant shall not be less than 3.5 bar.
- (3) There shall be provided near each hydrant, an identification plate showing hydrant number and size of mains and each such hydrant shall be maintained by the authority which provided the hydrant.

Chapter-VIII

General Measures and Emergency Provisions relating to Fire Prevention and Life Safety Measures

26. Minimum standards for fire prevention and fire safety for permanent structure buildings or premises.
- (1) For the purpose of achieving adequate fire and life safety measures in a building or premises as required under sections 21 and 24 of the Act, the minimum standards for fire prevention and fire safety shall be determined with respect to the height, cover area and class of occupancy of such building or premises as are warranted in the bye laws and relevant code and standards as applicable to such building at the time of construction or approval of the map thereof, in addition to the following, namely:-
- (i). Access to building;
 - (ii). Number, width, type and arrangement of exits;
 - (iii). Smoke management system in controlled environment building;
 - (iv). Fire extinguishers;
 - (v). First-aid hose reels;

- (vi). Automatic fire detection and alarming system;
- (vii). Public address system;
- (viii). Automatic sprinkler system;
- (ix). Internal hydrants and yard hydrants;
- (x). Pumping arrangements;
- (xi). Static water storage for fire fighting;
- (xii). Exit signage;
- (xiii). Fire Lifts;
- (xiv). Standby power supply;
- (xv). Refuge area;
- (xvi). Special fire protection systems for protection of special risks, if applicable;
- (xvii). Manually operated Electronic Fire Alarm system (MOEFA);
- (xviii). Electrical safety audit report issued by the Government electrical safety department or Contractor authorized by government electrical safety department by the state Government;
- (xix). Certificate for installation of fire protection system by Qualified Third Party Agency as applicable;
- (xx). Appointment letter of fire safety officer, if required; and
- (xxi). Safety Certificate of lift issued by the competent authority, if required:

Provided that these norms shall not be applicable to all type of buildings requiring fire safety certificate, rather the requirement shall be assessed purely on the basis of cover area, height and type of occupancy of the building as detailed in bye laws, national Building code or relevant Act, rules and standards as applicable to such building.

- (2) The provision of fire and safety shall be applicable in all types of buildings (whether constructed or under construction or proposed for construction) and shall be assessed only from fire and life safety point of view on the basis of standards mentioned in sub-rule (1).
- (3) In order to provide fire safety of buildings under section- 21 of the Act for such classes of occupancies or buildings or premises for which fire prevention and fire safety measures are not provided in the bye-laws expressly but is required in the interest of public safety, the Director with approval from the Government may require the owner or occupier of such occupancies or buildings or premises to provide fire prevention and fire safety measures in accordance with the international standards as per the procedure details in various rules made thereof.

- (4) The water required for fire fighting in any building shall be stored either underground tank(s) or in over head tanks and/ or combination of both, but in no case the stored quantity shall be less than required under relevant standards.
- (5) Access to the building shall mean the availability of means of approach to each floor of the building or to nearest point of the building in case of emergency situation for firefighting and/or rescue operations at least from one side like- road or permanent open space etc, and shall be mandatory for approach during emergency situations.

Relaxation and Modification in Fire Safety Measures

- 27. (1) Where the Government is of the opinion that it is necessary or expedient to do so, it may, by order, for reasons to be recorded in writing, relax or modify or any requirement concerning fire prevention and fire safety measures under these rules with respect to any class of occupancy in any Building or premises in special areas or in respect of any building or Premises in any are at that was constructed or which was under construction Prior to the date of commencement of these rules.
- (2) In case, the width of staircases is less than that applicable at that time but the numbers of staircases have a cumulative exit width according to the occupant load as required under the rules, then such arrangement shall be deemed to have complied with the norms

Permanent structure not requiring certificate from Qualified Third Party Agency;

- 28. (1) Such permanent buildings or premises as mentioned in the table below shall not require a certificate from the Qualified Third Party Agency.

SI. No.	OCCUPANCY	DESCRIPTION
1	Residential (Excluding buildings categorized as hotels)	Buildings with height below 15m.
		Buildings with single basement having Covered area less than 500Sq.m.
2	Educational	Buildings having height below 15m and floor area less than 500 Sq.m.
3	Institutional (Nursing home, Hospitals <i>etc.</i>)	Buildings having height below 15m and plot area less than 500 Sq.m.
4	Business (Office, banks, Labs, Library, Data processing centers, IT parks <i>etc.</i>)	Buildings having height below 15m and floor area less than 500 Sq.m. And with single basement having covered area less than 500Sq.m.

5	Mercantile (Shops, Markets, Departmental stores <i>Etc.</i>)	Buildings having height below 15m with floor area less than 500 Sqm. And with single basement having covered area less than 500Sqm.
6	Any type of Occupancy	Building being used for any occupancy where only fire extinguishers are required for fire protection as per the requirement of relevant codes and standards as applicable to such buildings.

(2) The aforesaid table shall not constitute an exhaustive list of particulars where the certificate from Qualified Third Party Agency is not necessary. The State Government may review the necessity of obtaining certificate from the Qualified Third Party Agency from time to time.

Issuance of Fire Safety Certificate.

29. (1) In order to obtain Fire Safety Certificate, owner shall apply for the same in Form A9 attaching all relevant maps, drawing and other documents mentioned on the online portal of fire service. No person other than the owner or his authorized representative shall canvass or pursue for obtaining Fire Safety Certificate.

In case of violation of this rule, the unauthorized person or imposter who canvases for obtaining Fire Safety Certificate shall be liable for punishment under section 35 of the Act.

(2) The application for grant of Fire Safety Certificate as mentioned in sub- rule (1) shall be made on the online portal of fire and emergency service and shall be accompanied with a certificate from the Qualified Third party Agency and such other certificates as detailed in Form A9 from owner or occupier to the effect that all the fire prevention and fire safety measures as required under Rule-26 have been incorporated in the building or premises.

(3) On receipt of the application through the online portal of fire and emergency service made under sub-rule (1) and (2) , the Fire Officer having jurisdiction in the area under the section 26 of the Act if not satisfied / have doubt regarding the standard of inspection carried over by the Qualified Third Party Agency with a view to ascertain the availability and operability of the fire prevention and fire safety measures as mentioned in rule-26 may inspect the building or premises before grant or refusal of Fire Safety Certificate, as per Schedule-IV on the online portal.

(4) Under the provisions of section 24 of the Act, for a building as categorized by area and height or hazard, a Fire Officer as prescribed in the Schedule-IV shall issue a Provisional Fire Safety Certificate in “Form A10” and Fire Safety Certificate (Final/ Renewal) in “Form A11” to the owner or occupier of the building or

premises with such conditions as may be specified in the Fire Safety Certificate for compliance of fire prevention and fire safety measures as specified under these rules.

- (5) On receipt of the report under sub-rule (3) and (4), The Fire Officer as authorized in this behalf shall grant the Fire Safety Certificate in the relevant form or object or reject the same for reasons to be recorded in writing and communicate the same to the owner or occupier, as the case may be.
- (6) In case of rejection of application for grant of Fire Safety Certificate a fresh application shall be made by the owner or occupier under sub rule (1) duly complying with the requirements as communicated under sub-rule (1) and (2).
- (7) In case of objection to the application for grant of Fire Safety Certificate under this rule by the issuing authority as per Schedule-IV, owner or occupier of the building or premises as the case maybe, against whom the objection was issued under sub-rule (5) and (6) shall comply with the objections so described within the time period stipulated in the notice and if the said objection are found in compliance with the fire safety measures as required, then the online application for Fire Safety Certificate shall be restored and issued as per Schedule-IV through online portal.
- (8) While issuing Fire Safety Certificate (Provisional Certificate in Form A10 and Final/Renewal Certificate in Form A11), the assessment of structural safety and adequacy of fire protection equipments shall be done not merely on the basis of sanctioned map issued by entity authority or local authority, as the case may be, but also on the basis of actual covered area, actual height, actual hazard and actual occupancy by inspecting, reviewing and issuing authorities.

Duration of Fire Safety Certificate

30. The Provisional, Final and Renewal of Fire Safety Certificate issued under rule 29, unless sooner cancelled, shall be valid for a period of 5 years for residential buildings (other than hotels) and for a period of 3 years for non-residential buildings except hotels, hospitals, assembly, storage, industrial and all other occupancies including those requiring certificate from Qualified Third Party Agency which shall have the validity of one year from the date of issue:

Provided that the State Government by a general or special order reduce or increase such period of validity of Fire Safety Certificate after recording the reasons.

Renewal of Fire Safety Certificate

31. (1) Application for renewal of Fire Safety Certificate granted under rule 29 shall be made on the online portal of Fire and Emergency Service, in Form A-11 along with all required documents, one month prior to the date of expiry of the Fire Safety Certificate.
- (2) On receipt of an application made under sub-rule (1), the Fire Officer having jurisdiction, if he feels necessary, may inspect the

building or premises to verify the compliance of rules as per the certificate provided by the Qualified Third Party Agency and forward the report of the compliance or otherwise, to the fire officer as per Schedule-IV concerned.

- (3) On receipt of report under sub-rule (2) and following the procedure, the issuing officer shall renew or reject the application duly recording the reasons.
- (4) The owner or occupier of such buildings as specified in the Act shall furnish a certificate in the months of January and July each year regarding the maintenance of fire prevention and life safety measures in a building or premises being in good repair and efficient condition as specified in section 24 of the Act in the form of declaration in "Form A6".

Cancellation of Fire Safety Certificate and Action for violation of provisions of the Act or rules or directions issued there under

32. (1) On receipt of an information or complaint from any person or after *suo-moto* inspection carried out under various sections of the Act, Fire Officer having jurisdiction in the area, on having found the violation of the mandatory provision under which the Fire Safety Certificate was granted, shall note the observation of violations and shall submit it to the fire officer who has issued Fire Safety Certificate. The fire officer who had issued the Fire Safety Certificate under Schedule-IV shall issue a show cause notice within 24 hours of receipt of such observation for cancellation of the Fire Safety Certificate issued after giving the owner or the occupier or person authorized by them the case may be, an opportunity to show cause within fifteen days of the date of service of notice for,-
- (a) violation of any of the provisions of the Act or these rules or any of the conditions prescribed in the Fire Safety Certificate; or
 - (b) non-compliance or incomplete compliance of directions issued under the Act or these rules; or
 - (c) Preventing inspection under the Act and these rules, either by obstruction or non-cooperation *etc.*
- (2) On failure of compliance from the owner or occupier, the Fire Officer who had issued Fire Safety Certificate under Schedule -IV, shall get confirmation of violation of the conditions from the Fire Station In-charge. He shall report the matter to the Licensing Authority concerned, to cancel the license for operation of such building or premises as cinema hall and multiplex, clinical establishments, factory, hotel, warehouse and cold storage or any business, trade, profession or activity *etc.* whatsoever, for which such license was required.
- (3) In order to ensure the safety of immediate life and property in a building or premises which is non-compliant or has in complete compliance, the in-charge of Fire District shall report the matter to the authority in Form A16 to take suitable action.

- (4) If the Licensing Authority does not act as per the report, the Fire Officer In-charge of Fire District, as the case may be, may take steps initiating the procedure for sealing as per rule 33 and may start prosecution after recording the reasons therefore.

Procedure for Sealing of Building or a part thereof

33. (1) On receipt of report from the fire officer having jurisdiction in the area that such building constitutes a risk to property and human life, the officer in- charge of the Fire District shall verify the facts and submit a report to the officer in charge of the Fire Region, who on confirmation of veracity of the report by physical inspection, himself or through a committee of Fire Officers, shall submit the report to Director, Fire and Emergency in this regards to seal such place or premises under section 57 of the Act.
- (2) On receipt of such report or the Director, Fire and Emergency Services *suo-moto* shall verify and forward the report to the Sub Divisional Magistrate concerned to seal such places or premises under 57 of the Act.
- (3) Where a place or building or premise or a part thereof is sealed under this rule, an inventory of the material found in such place or building or part thereof shall preferably be prepared in the presence of two independent witnesses and a copy thereof shall be delivered to the owner or occupier, if present at the site. The inventory and Panchnama shall be used for preparation of reports by the committee.

Public display of fire safety Certificate at conspicuous place in the building or premises and temporary structure

34. Photo copies of the Fire Safety Certificate issued under rule 29 shall be framed and displayed at all conspicuous places, including corridors, lobbies and floors of towers or blocks of building or premises and temporary structure, for information of general public.

Scope of Qualified Third Party Agency

35. (1) A person or association of persons who are termed as Qualified Third Party Agency under section 24 of the Act shall be responsible for carrying out the inspection regarding the compliance of the fire prevention and life safety measures in the building and part thereof as required by or under the provision of the Act.
- (2) The owner or occupier, as the case may be, shall be responsible for optimum functioning of the installed fire prevention, life safety and fire protection measures in buildings.

Eligibility for Qualified Third Party Agency

36. (1) No person shall be eligible to apply for grant of license to Act as a Qualified Third Party Agency unless he/she has successfully completed a minimum of Diploma course in the field of fire from a recognized University and has sufficient domain knowledge and accomplishments in the field of fire service.

- (2) The person applying for grant of License as a Qualified Third Party Agency shall also submit a copy of valid trade license issued in his name for the State of Sikkim.

Application to Act as Qualified Third Party Agency

37. (1) A person who intends to Act as a Qualified Third Party Agency as specified under sub-section (5) of section 24, for carrying out the inspection of installation of fire prevention, life safety and fire protection system measures in building or premises or temporary structure, shall make an application for obtaining license in "Form A3" along with a fee of Rs-5,000/- to the In-charge of Fire District of Fire and Emergency Services.
- (2) The In-charge of Fire District of Fire and Emergency Services shall, on verification of the credentials, forward the said application with recommendation or otherwise to the Director of Fire and Emergency Services, who on the careful consideration of the qualification and experience required as per rule 36 shall empanel them as Qualified Third Party Agency and shall issue a license in Form A4 subject to the condition that,-
- (a) The license shall be non-transferable.
- (b) Changes, if any, in respect of Partners, Directors, members or address of the office of the Qualified Third Party Agency, shall be forthwith reported to the Authority issuing the license.

Violation of conditions by Qualified Third Party Agency and suspension/ cancellation/ revocation of license to Act as Qualified Third Party Agency

38. (1) The license of the Qualified Third Party Agency may be cancelled or suspended for a period of time which may extend to 3 year or the Qualified Third Party Agency may be permanently debarred by the Director on the receipt of complaint in issuance of the certificate issued by the Qualified Third Party Agency under sub section (5) of section 24 of the Act.
- (2) On receipt of such complaint, a committee of Fire Officers shall be appointed by the Director in this regard which shall enquire into the alleged malpractices. On confirmation of these anomalies, the procedure of suspension or cancellation of the Certificate/license of Qualified Third Party Agency shall be done after giving due opportunity of hearing to the Qualified Third Party Agency and after issuance of show cause notice in this regard as per Form A5.
- (3) After the period of suspension of the license, a committee of Fire Officers appointed by the Director may revoke such license after re-submission, re-verification and establishment of prescribed credentials.
- (4) Where any person to whom the license has been granted, contravenes any of the provisions of the Act or of the rules or fails to comply with the conditions of the license or becomes unfit by reason of incompetency, misconduct or any other grave reasons, a notice in "Form A5" shall be given to such person to

show cause as to why the license granted to him to Act as Qualified Third Party Agency should not be suspended or cancelled or penal action should not be initiated under these rule and section 38 of the Act.

Certificates to be issued by Qualified Third Party Agency

39. A certificate regarding the compliance of the fire prevention and life safety measures in a building or a part thereof as required by or under the provisions of the Act, shall be issued by a Qualified Third Party Agency in "Form A2".

Appointment of Fire Safety Officer

40. (1) For the purpose of effective fire prevention and life safety measures, every owner or occupier shall appoint a Fire Safety Officer for such buildings as per Schedule-V of these rules, within a period of six-months from the commencement of the Act, having prescribed qualifications and experience in the field of fire service as specified by Director Fire Service from time to time.
- (2) The compliance report to this effect in Form A6 shall be sent by the owner or occupier to the Officer in-charge of fire district having jurisdiction.
- (3) On the receipt of the compliance report made under sub-rule (2), the officer In-charge of fire district shall, after due verification of credentials of the candidate, start a week-long orientation program/ training at Fire Station and issue a certificate of enrolment of appointment of the Fire Safety Officer, under the seal and signature in "Form A7".
- (4) In case of failure to appoint a Fire Safety Officer as specified in sub-rule (1), the In-charge of Fire District having jurisdiction shall, after giving an opportunity of being heard, communicate to the authority granting license to operate the establishment to take appropriate action for discontinuance of the use or closure of the building or premises or the factory, as the case may be.
- (5) The safety officer so appointed for the premises/ building under this rule shall be a qualified fire professional having sufficient domain knowledge and experience in fire safety. Priority shall be given to such candidates who have diploma/certificate from National Fire Service College, Nagpur and any training institutions of Sikkim Fire and Emergency Service or any other institute recognized by the Government.

Liability to maintain fire safety measures

41. (1) Under section-24 of the Act, the occupier or owner of the building or premises, as the case maybe, shall declare every year in the month of January and July in Form-A6 that fire prevention and fire safety measures provided in the building or premises are intact and operable.
- (2) It shall be lawful for the Fire Station Officer or an officer or group of fire officers nominated by a superior officer having jurisdiction, to enter and inspect the building or premises, as the case may be, in manner as given under section-27 of the Act with a view to

verify the correctness of the declaration made under sub-rule 1 and shall report the shortcomings if any, to the officer in-charge of fire district. The district officer in charge of the fire service shall issue a notice in Form-A12 to the owner or occupier of the building, as the case maybe, for removal of such shortcoming within a specified period of time not exceeding 30 days.

- (3) If the directions of the district officer in-charge of Fire and Emergency service are not complied within the specific time limit so given, then such building shall be declared unfit/unsafe from fire safety point of view and action shall be taken under sections-35 and 38 of the Act.
- (4) The owner or occupier of the building or premises, as the case may be, against whom the notice was issued under these rules, shall comply with the instructions so described in the stipulated period of time of the notice and if the fire safety measures as required are found complied with then, after the inspection procedure as detailed in rule-29 shall be restored.

Notice for the removal of objects or goods likely to cause the risk of fire

42. Whenever an inspection is carried out by the fire officer having jurisdiction in the area, to ensure that the provisions of section 21 and Section 23 of the Act are complied with, then such inspection report shall be given in "Form-A13" to the In charge of fire district having jurisdiction, who after careful perusal of such report, shall issue a notice in "Form-A12" to the owner or occupier of building or premises for removal of such goods likely to cause fire, to a place of safety within a period as specified in the notice.

Non compliance of directions

43. (1) On failure to comply with the directions given under rule 42 and sections 21 and 23 of Act, the in-charge of fire district shall send report to Sub-Divisional Magistrate having jurisdiction of the area for appropriate action with respect to the removal of objects or goods likely to cause the risk of fire in the building and/or premise. The Sub-Divisional Magistrate having jurisdiction of the area shall take such actions as enumerated under section 23 of the Act within fifteen days.
- (2) Where any objects or goods involving risk of fire are required to be seized, detained or removed, the inspection and further procedure of seizure and detention shall be carried out in following manner:-
- (a) a notice of inspection shall be given by the Sub- Divisional Magistrate and the inspection shall be carried out along with Fire Officer and Police Station In-charge having jurisdiction in the area;
 - (b) having ascertained the inadequacy of safety measures and imminent danger of fire or explosion that the aforesaid objects or goods possess, the Sub- Divisional Magistrate shall require the persons in possession or occupation of the building or premises or part thereof, to remove themselves from there forthwith;

- (c) an inventory of the said goods or objects which are likely to cause fire or explosion shall be made in the format (Panchnama) given in Form A14 and the said goods shall be removed from such building or premises in a safe manner as may be required in accordance with the nature of the objects or goods, and a copy of the said Panchnama shall be sent to the In-charge of Fire District.

Minimum standards for fire prevention and fire safety measures for temporary structure etc.

44. (1) The minimum standards for fire prevention and fire safety for temporary structure such as Mandap, Shamiyana or tents or Pandal for the purposes of the Act , shall be in accordance with IS: 8758:1993 published by the Bureau of Indian Standards, New Delhi .
- (2) The aforesaid standards shall be complied with by the owner/ organizer/ erector of Mandap, Shamiyana, Tents or Pandal and shall relate to the following matters, namely:-
- (a) Access to temporary structures etc;
 - (b) Open space around the temporary structures etc;
 - (c) Distance from medium and high voltage electrical wires and hazardous installations ;
 - (d) Means of exits ;
 - (e) Material of construction ;
 - (f) First-aid firefighting arrangements and spraying of fire retardant material etc ;
 - (g) Water storage for fire-fighting ;
 - (h) Electrical wiring duly certified by concerned department/ authorized electrical contractor ;
 - (i) Availability of trained fire-fighting staff.

Form of declaration for Fire Prevention and Fire Safety measures of temporary structure etc.

45. (1) The owner / organizer / erector of temporary structures such as Mandap, Shamiyana, Tents or Pandal shall, for the purposes of due compliance of the Act, make a declaration in Form-A15 along with a layout plan showing access, open spaces, means of exit of proposed Mandap, Shamiyana, Tents, or Pandal open spaces to the effect that adequate fire safety measures have been taken as provided in rule 44 which shall be submitted to In-charge Fire District before 24 hours of the program.
- (2) The owner/ organizer/ erector of temporary structures such as Mandap/ Shamiyana/ Tents/ Pandal shall display such declaration at a prominent place in the Mandap/ Shamiyana/ Tent/ Pandal.

Verification of Fire Prevention and Fire Safety measures of temporary structure etc.

46. (1) In order to verify the self declaration by the erector of Mandap, Shamiyana or Tents or Pandal, the Director or the Fire Officer not below the rank of Sub Fire Officer in his area of jurisdiction, a fire officer as authorized by the Director may enter such Mandap, Shamiyana or Tents or Pandal or Temporary structure in his area of jurisdiction to find out any shortcomings or deviation from the safety measures as claimed in the declaration form by owner/organizer of such event.
- (2) On finding the shortcomings, the erector of the Pandal shall be issued a notice in Form-A1 and Form-A8 regarding the shortcomings with direction to correct them within the next 4 hours from the time of receipt of such notice.

Sealing of temporary structure etc. for non compliance of fire prevention and fire safety provisions.

47. (1) If the owner/organizer / erector of pandal, mandap, shamiyana or tents or temporary structure fails to execute or correct the shortcomings as pointed out by the inspection authority, the mandap, shamiyana, tents, pandal or temporary structure shall be declared unfit/unsafe from fire and safety point of view by the In-charge of fire district on the basis of inspection report from Officer In-charge of Fire Station.
- (2) The report of the said pandal / mandap / shamiyana / tent being unsafe shall be sent by the In-charge of fire district to the Sub-Divisional Magistrate, in whose territorial jurisdiction the mandap, shamiyana or tents or pandal or temporary structure is situated, to seal the temporary structure.
- (3) On receipt of a report under rule 46 and sub-rule (2) of this rule, the Sub-Divisional Magistrate *on getting an approval from the District Magistrate in this regard*, shall give a notice, to be served in such a manner as he may think fit and with a reasonable opportunity of showing cause, against the removal of encroachment or objects or goods likely to cause a risk of fire or obstruction to firefighting.
- (4) After giving the owner or occupier or erector, as the case may be, a reasonable opportunity of making representation under sub-rule (3) *and having noticed the imminent danger to public at large on account of continued violation of the requirement of minimum fire and life safety measures*, the Sub-Divisional Magistrate may make an order to seize, detain or remove such encroachments or objects or goods and *also may seal such temporary structure*.
- (5) The person charged with the execution of the order as made under sub- rule (4), shall forthwith make an inventory of the objects and goods which he seizes under such order; and shall, at the same time, give a written notice in this behalf to the person in possession of the said objects or goods at the time of seizure, that the same will be auctioned as therein mentioned if they are not claimed within the period stipulated in the said notice.

- (6) On the failure of the person, in whose possession the objects or goods were at the time of seizure, to claim the seized goods pursuant to notice given under sub-rule(5), the Sub-Divisional Magistrate and the In-charge of fire district shall sell them in accordance with the public auction policy of the State Government.

Supervision by two tier committee 48. The following two-tier Committees shall be constituted in relation to the regular supervision and review of any proceedings under the Act and rules and management of their ancillary matters:-

(A) District Level Grievance Redressal and Monitoring Committee:

- (1) Action taken under the Act, including the proceedings of Approval and Cancellation of Fire Safety Certificate, grant of license to act as a Qualified Third Party Agency, removal of objects or goods likely to cause the risk of fire, Appointment of Fire Safety Officer and the cases decided, shall be reviewed from time to time by the District Level Grievance Redressal and Monitoring Committee.
- (2) Essentially, the Fire Officers who have dealt a case under the Act and who are dealing the same shall be present with all the relevant records and information.
- (3) The said District Level Grievance Redressal and Monitoring Committee shall be constituted as under:
 - (i) Officer In-charge of Fire District – Chairperson
 - (ii) All Officers In-charge of Fire Stations in the District – Members
- (4) The Committee shall be empowered to take all necessary actions and to redress any complaint regarding the act of fire officers.
- (5) Minutes of the decisions taken and the review made in the said District Level Grievance Redressal and Monitoring Committee shall be compiled and sent to the Office of Director Fire and Emergency Service as soon as possible with the signature of the Chairperson of the said committee.

(B) State level Grievance Redressal and Monitoring Committee:

- (1) Action taken under the Act, including review of the decisions taken by District Level Grievance Redressal and Monitoring Committee and grievances of stakeholders against the decision of District Level Grievance Redressal and Monitoring Committee, a Grievance Redressal and Monitoring Committee shall be constituted at State level.
- (2) The State Level Grievance Redressal and Monitoring Committee shall consider the quarterly review report of the District Level Grievance Redressal and Monitoring Committee and the action taken by it under this Act;

- (3) The disposed cases will be compulsorily reviewed by the State Level Grievance Redressal and Monitoring Committee in every three months. If the Chairperson finds it expedient, he may convene the meeting even before the specified period.
- (4) The said State Level Grievance Redressal and Monitoring Committee shall be constituted as under :-
 - (i) Director, Sikkim Fire and Emergency Services- Chairperson;
 - (ii) Chief Fire Officer, Sikkim Fire and Emergency Services– Member;
 - (iii) Officer In-charge of Fire Region-Member;
 - (iv) Officer In-charge of Fire District -Member.
- (5) The Committee shall be empowered to take all necessary actions and to redress any complaint regarding the act of fire officers.
- (6) Minutes of the decisions taken and the review made in the State Level Grievance Redressal and Monitoring Committee shall be prepared and sent to the Home Department of the Government of Sikkim as soon as possible with the signature of the Chairperson of the said Committee.

CHAPTER-IX

- (4) All the members of Sikkim Fire and Emergency Services shall undergo refresher induction training program for a specific period and at the institutions as mentioned in Sikkim Fire and Emergency Services Training Manual at the time of their joining on a higher position on promotion.
- (5) All the members of Sikkim Fire and Emergency Services shall undergo refresher induction training program for a specific period and at the institutions as mentioned in Sikkim Fire and Emergency Service Training Manual time to time.

Training Manual 54. The Director , Sikkim Fire and Emergency services shall publish Sikkim Fire and Emergency Service Training Manual before or within six months of the establishment of the Sikkim State Fire and Emergency Training Institute.

CHAPTER-XII

FIRE PREVENTION AND LIFE SAFETY FUND

Fire Prevention and Life Safety Fund 55. (1) There shall be constituted a fund known as “Fire Prevention and Life Safety Fund”. The proceeds of fire fees, tax and penalties (other than fines) recovered under the Act and these rules shall first be credited to the Consolidated Fund of the State and after deduction of the expenses of collection and recovery there from, under appropriation duly made by law in this behalf, be entered in and transferred to “Fire Prevention and Life Safety Fund”.

(2) The said fund shall be utilized for the welfare *e.g.* medical treatment, financial assistance *etc.*, of the members of the Sikkim Fire and Emergency Services who are injured during firefighting and rescue operations and dependents of such members of Sikkim Fire and Emergency services who lost their lives during firefighting and rescue operations. The fund may also be utilized as described in sub-section 6 of section 51 of the Act.

CHAPTER- XIII

MISCELLANEOUS

General Diary/ Occurrence Book/Log Book 56. Every Fire Station shall maintain a General Diary/ Occurrence Book/ Log book. Entries and report of all kinds shall be entered therein immediately on the occurrence of each event to which they refer.

Inquiry about origin or cause of Fire incident 57. (1) The State Government or Director, Fire and Emergency Services or Fire Officer as authorized by the In-charge of the region or In-charge of Fire District of Sikkim Fire and Emergency Services, as the case may be, may constitute a site investigation team or nominate Fire Officer for inquiring about the origin and cause of fire incident, if need arises through fire forensic lab established by the State Government and shall take such steps as may be necessary, so that fire incidents do not happen in future.

- (2) If any wrong doing is found on the part of the owner or occupier of the building or premise or temporary structure, the Fire Officer in whose jurisdiction the said building or premise or temporary structure falls shall report the same to the Sub-Divisional Magistrate for initiating legal action against the offender as per provisions of the Act.

Standby Duty for Fire protection and plumping charges for incident

58. (1) The State Government shall levy standby duty charges for such premises where Fire and Emergency Service has been called to render their services to prevent or effectively provide fire safety.
- (2) No such charges shall be levied for performing duty in program and functions of the State Government.
- (3) The State Government may levy fire-fighting and pumping charges for the extinguishing of outbreak of fire in non-residential buildings and premises in such manner as described in Schedule-III.
- (4) The owner or occupier of such buildings shall remit the charges within one week of occurrence of such incident failing which such charges shall be recoverable as if it were arrear of land revenue.

Member of Fire and Emergency Service Deemed to always be on duty except when on Leave

59. Every member of the Fire and Emergency Service shall for all purposes of this Act be deemed to always be on duty except when on leave.

Calling of reports and statements

60. (1) The State Government, the Director or any Chief Fire Officer may call for reports and statements from any Department or entity authority or local authority on any subject connected with the functions conferred on the State Government, the Director, the Chief Fire Officer, as the case may be, by or under the Act and rules made there under including fire prevention, life safety and any emergency services.
- (2) Where any reports or statements are called for under this rule, the entity authority or local authority or any Department, as the case may be, shall furnish the same within the time specified by the State Government or the Director, or any Chief Fire Officer, as the case may be.

Requisition of firefighting and rescue resources from other station or Fire district during fire, Rescue and emergency calls

61. (1) The Officer In-charge of the fire incident can initiate a request for fire fighting and rescue resources for the purposes of these rules.
- (2) The Officer In-charge of a Fire Station acting as the commanding officer in response to the outbreak of a fire, rescue or emergency shall be authorized to initiate assistance of Fire Station within his area of jurisdiction and upon order of the superior Officer, of Fire Station beyond the areas of his jurisdiction.

- (3) Upon receiving a fire, rescue or emergency call as per sub rules (1) and (2), the Officer In-charge of a Fire Station shall dispatch the equipment, appliances and personnel or any portion thereof if he believes that after dispatching the required fire units, sufficient arrangements shall be available for tackling any emergency and he shall inform about the same to In-charge of fire district.
- (4) The Officer In-Charge of a Fire Station shall maintain or cause to be maintained data of all such calls and responses to such calls and submit the same along with the action taken report to the higher authorities, or as and when asked by the higher authorities.
- (5) For purposes of this rule, superior fire officer arriving at incident site shall act as commanding officer of the incident site; and all other units, staff, equipment's and appliances engaged in fire-fighting, rescue and emergency service operation shall work and function under his command.

Declaration of Fire and Emergency Service to be an essential service to the community

62. Without prejudice to the provisions of any other law on the subject for the time being in force, the Fire and Emergency Services shall be considered as an essential service to the community unless the State Government, may by notification, decide otherwise.

Budget

63. The Sikkim Fire and Emergency Service Headquarters shall prepare annual estimated budget for managing all affairs of Fire and Emergency Service and on the basis of that, the State Government shall allocate budget directly to the Sikkim Fire and Emergency Services.

Proceeding of medical examination for the state of Intoxication and alcohol abuse etc. done by Officers and Employees of Sikkim Fire and Emergency Services

64. (1) Officers and all staff enrolled under the Act shall, if found in a state of intoxication, alcohol and drugs abuse which are banned officially in the State of Sikkim shall be brought down for medical examination to any nearby Government medical health center.
- (2) Officer In-Charge of a Fire Station shall record date, time, name of employee and his Government identification number of the Department in a slip and shall send the intoxicated employee to Government medical health center.
- (3) Medical Officer present at the Medical health center shall medically examine the intoxication of such employee and further give his report and prescription to the Officer In-Charge of a Fire Station.
- (4) Officer In-Charge of a Fire Station shall send the report of the employee concerned to the In-charge Fire District for disciplinary action.
- (5) It shall be the duty of Medical Officer, Government medical health center to act upon the report or slip or letter of Officer In-Charge of a Fire Station.

- (6) In case the Officer In-charge of a Fire Station is suspected of being intoxicated, the Deputy Chief Fire Officer or any other superior shall send slip or letter to Medical Officer of Government medical health center for medical examination and it shall be the duty of Medical Officer to medically examine him/her for intoxication and alcohol abuse.
- (7) Medical Officer shall then submit his report to Deputy Chief Fire Officer and in case if he found intoxicated, disciplinary proceedings shall be initiated against such intoxicated Officer.

Departmental Technical Advisory Committee

- 65. (1) There shall be a Departmental Technical Advisory Committee consisting of Director as Chairperson, Chief Fire Officer as Member-Secretary, one Additional Chief Fire Officer as Member and one Deputy Chief Fire Officer as Member for providing technical advice in matters of technical difficulty or disputes arising from interpretation of Indian standards, National Building Code or any other Code and standards on technical matters.
- (2) Fire Officers and public may seek technical advice regarding their building or premises or temporary structure in the manner given in Form-A20 and the aforesaid committee shall give advice on the same within a month through online system.

Auxiliary Fire and Emergency Service

- 66. (1) The Director, Sikkim Fire and Emergency Services, may organize 'Auxiliary Fire and Emergency Service' as a 'Volunteer service' or as on a pattern as decided by the State Government for a specified period of time.
- (2) The Director, Sikkim Fire and Emergency Services, may appoint outsiders, Home Guards and Civil Defense Volunteers for a specific period as members of Auxiliary Fire and Emergency Service with a view to fight fires and rescue people in their area and assist the fire and emergency service personnel in fire-fighting, life safety, rescue and other emergency service operations and take steps for public awareness to prevent fire.

Other Agencies to assist on the occasion of fire, rescue or other emergency.

- 67. Subject to the provisions contained in the Act, on the occasion of fire, rescue or other emergency service operation, the Director or any Fire Officer as authorized by him as member in-charge of a Fire Station on the spot, if the situation requires, can:-
 - (i) generally take such measures as may appear necessary like requisitioning police personnel, Magistrate for maintaining peace, law and order at the site, office or rescue operation for protection of fire appliances and preservation of life and property;
 - (ii) take assistance and co-operation from all Government Agencies like Health, Public Works Department, Public Health Department, Engineering Organization, Municipal Corporation and Departments of Revenue, Agriculture, Veterinary, Forest and Excise who shall extend the cooperation with resources available at their disposal on the requisition of Officer In-charge of a Fire Station for effective execution of fire-fighting, rescue and salvage operation;

- (iii) requisition fire-fighting equipment, and it will be lawful duty for all private and Government bodies to provide the available fire-fighting equipment at their disposal;
- (iv) file requisition with the Collector and the District Magistrate or the Sub-Divisional Magistrate, who shall hire equipment or machineries, as required, for effective fire-fighting, rescue and salvage operations.

Notice to pay the charges for the services rendered by the State Fire and Emergency Services

68. Where the State Government has provided the services for fire-fighting, rescue, other emergencies and deployment of Fire and Emergency Service vehicles for stand by duty, the In-Charge of fire district may issue notice requiring the owner or the occupier of the building or premises or temporary structure, to pay the amount for the expenses incurred for rendering the aforesaid services as State Government may provide through executive order or instructions.

Extraordinary Pension

69. The dependents of members of Sikkim Fire and Emergency Services who have lost their lives during firefighting / rescue operations / accidents on duty *etc.*, shall be provided with extraordinary pension in line with the provisions of Sikkim Services (Pension) Rule-1990 (as amended from time to time).

Writing of confidential Reports of fire Officers

70. The Annual Confidential Reports of various ranks of Fire Officers shall be written by such fire officers of competent ranks as decided by the State Government from time to time.

CHAPTER-XV

GENERAL MEASURES FOR FIRE PREVENTION

Fire and Emergency Service response to be an Emergency

71. The Fire and Emergency Service response to an emergency arising due to an outbreak of fire or any other emergency requiring fire and emergency service intervention shall be carried out in accordance with the directions given by the In-Charge of Fire District or any other Superior Officer as per situation and requirement.

Issuing of Fire Report

72. (1) A fire report shall be made available on the online portal of fire and emergency service within two weeks of the date of occurrence of fire. The owner or occupier whose property was affected by fire or otherwise, by whatever way may obtain the copy of report from the online portal of Fire and Emergency Service after payment of Rs-50/- and pumping charges, if applicable as per Schedule-III.
- (2) Fire report in Form A17 shall issued by the in-charge of fire district to the applicant through Sikkim Fire Service online portal.
- (3) In case owner or occupier requires any change in facts reported in the fire report 'Form A17', he shall make an application to the in-charge of fire district.

- Duties and responsibilities of Fire Officers and staff**
73. Subject to the provisions of the Act and the rules made there under, the Director, Fire and Emergency Services, with the approval of the State Government, shall have the power to enumerate the duties to be performed and responsibilities of the personnel of Fire and Emergency Services.
- Report of damage caused to premises during fire-fighting and assessment and payment of compensation**
74. For settling the matter regarding damage and compensation as given under section 15 (c) and 33 of the Act, the said matters shall be referred to the following Committee by the In-Charge of fire district:-
- (i) Additional District Magistrate as nominated by the District Magistrate - Chairperson;
 - (ii) In-charge of Fire District-Member Secretary;
 - (iii) Senior representative of local authority/entity authority- Member;
 - (iv) Engineer of senior scale from Public Works Department.
- Report of accident to fire officer or fire personnel or other staff during fire or emergency and payment of compensation**
75. The Fire Officer In-Charge of fire shall submit a report of any accident which has occurred during such fire-fighting or rescue operations or emergency operations to the Chief Fire Officer and other superior Fire Officers immediately, and the compensation payable and/or funeral expenses of any fire officer or fire personnel or other staff in the case of an accident, payable to their dependents in the case of death or permanent disability, shall be such as may be determined by the Director, Fire and Emergency Service with the approval of the State Government, as the case may be.
- Terms for securing personnel or equipment or both for fire-fighting purposes**
76. The terms on which the Director, Fire and Emergency Services or any other Fire Officer authorized by State Government may secure, by agreement, fire-fighting equipment or personnel from any person who employs and maintains personnel or equipment or both, for firefighting purposes, shall be as follows:-
- (i) As soon as may be, after the fire fighting operation is over, the Fire Officer In-Charge of the fire fighting operation shall relieve the personnel or equipment so secured and restore the same to the person, firm institution or individual from whom the services of personnel and possession such equipment were secured.
 - (ii) If any injury is caused to any personnel or any damage is caused to any equipment and the employee or the owner of the equipment, as the case may be, demands any compensation separately in respect thereof, and no agreement can be reached, the matter shall be referred to the State Government for determination and the decision of the State Government shall be final.

Rewards

77. (1) The Gazetted Officers of various ranks of fire services may sanction rewards by way of certificate or cash rewards or both to the personnel of Sikkim Fire and Emergency Service for meritorious performance of duties, to the ranks subordinate to them in their area of jurisdiction as the State Government may decide from time to time.
- (2) The rewards to the members of Sikkim Fire and Emergency Service under sub-rule (1) shall be recorded in the Service Book in green ink by the authority granting such reward.
